

## Young Property Lawyers' Forum 2021 Call for Papers

---

The Young Property Lawyers' Forum (YPLF) 2021 invites junior researchers in the field of property law to submit abstracts for its annual conference, to take place virtually in collaboration between the University of Groningen, Universität Würzburg, University of Glasgow, Maastricht University and Universidad de Monterrey.

The YPLF is an informal network of junior property law researchers, both PhD candidates and those within 5 years of having obtained their doctorate. The YPLF aims to bring property law scholars together from around the world and enable them to discuss their work with each other and with more experienced researchers. The conference provides an informal setting for young researchers to discuss innovative ideas and research in the area of property law, and to seek support in solving problems and improving their research, both in skills and in content. For more information on YPLF see: <http://www.yplf.net/>

No participation fee applies.

We are also welcoming applications for assistance in organising the conference, to provide vital experience for junior researchers in holding such events.
